**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am very disappointment that you are letting ATT STOP all of the competition for the internet and phone services this is bad for ALL customs ending up with one provider. You are putting us back to the 1980's Please say NO to price hikes that will increase the cost of the internet and telephone services.

ATT has already raised their rates and custom service is very rude and not helpful.

I am currently with Sonic who has been leasing (or whatever the terms that ATT is using NOW) I live in Sonoma, and there are not very many choices as it is, it is a rural area. Sonic is a great company No down time for internet and/or land line phone for only \$66.00 a month. If I do have a problem I call them, they answer the phone and resolve any issue that has come up. All with great customer service and in a timely manner

I would appreciate a reply back from the FCC of why they are allowing to this happen again.....

Thanks
